

Quality on Sale!

8' x 7' Garage Door (or 16' x 7' Garage Door)

Model 5240 - All-Steel Carriage House Collection

The 5200 Series Steel Carriage House Door is truly an innovative product. Not only is it the premier carriage house door to be constructed entirely of steel, but it has been designed to give you, the homeowner, an historically accurate e-creation of the traditional wood carriage house door. C.H.I.'s Steel carriage House Door provides the maintenance-free durability of steel and a limited lifetime warranty for years of worry-free protection.

And with a diverse collection of window, hardware and color options, you can be certain to find the door that will complement your home perfectly.
